Thanks to its unique and refined shape and with the capabilities ensured by the technology adopted, **QT15** is the new Pcpos Custom is able to perfectly meet retail market requirements with respect to the use of specific management software.

The original and futuristic design, the result of a careful aesthetic and functional study, makes it the ideal solution for use in the most elegant and exclusive settings in this sector.

Even when use is required 24 hours per day and/or by several operators, as in the restaurant industry, **QT15** ensures the reliability and efficiency that you expect.

Two colours are available, glossy white and glossy black, to best adapt to any type of interior and to be elegantly matched with **CUSTOM** fiscal printers.

Available version with embedded **CUSTOM ECR** software
